I, _____ (Print name clearly) hereby affirm that I have been thoroughly informed of the risks involved with any freediving/snorkelling/breatholding and hand-harvesting/spearfishing related activities (hereinafter said activities will be referred to as “In-Water Activities”). I understand that these listed underwater and related activities are inherently dangerous and involve inherent risks of injury or death, including but not limited to hypoxia, marine life injuries, perils of the sea, barotrauma, shallow water blackout, impalement, head injury, broken bones, injuries incurred while entering and exiting the water, brain damage, death, drowning and hyperbaric injuries. I understand treatment of dive/freedive/breathold related injuries may require immediate medical attention and/or hyperbaric oxygen therapy.

I understand that the training/chartered/guided dives for these “In-Water Activities” activities may be at a location that is remote, either by time, distance, or both, from medical care and/or a medical facility. I still voluntarily choose to participate in these “In-Water Activities” activities in spite of the risk to me. I understand that the risk of shallow water blackout, brain damage and death from anoxia/hypoxia is inherent to freediving/breathold diving activities, and I still choose to voluntarily participate in freediving/breathold diving in spite of these known risks. I agree that I will never freedive/breathold dive alone; I will always freedive with a qualified surface support freediver with me at all times; I will always observe safe band-powered device management practices; I will never point a band-powered device at another person or any other inanimate object (loaded or not) which is not seen as a target for purposes of harvesting/spearfishing; I will practice safe line management practices; I will manage my dive knife safely and responsibly.

In consideration of being allowed to participate in said “In-Water Activities” I understand and agree that neither:

Bottom Dwellers Freediving Ltd.

nor its instructors/safety supervisors/captains:

nor its (Facility/ies):

In consideration of being allowed to participate in said “In-Water Activities”, I hereby personally assume all known and unknown risks in connection with freediving/breath-holding activities, for any harm, injury, or damage that may befall me while I am participating in this freedive/breathold diving, including all risks of injury or death connected therewith, whether foreseen or unforeseen.

I agree to release and hold harmless the Released Parties from any and all claims, lawsuits demands, damages, actions, causes of action, suits in equity of whatever kind or nature by myself, my family, estate, heirs or assigns,

arising out of my participation in this freedive/breathhold activity, including any and all claims arising during or after I complete the freedive/breathhold training and activities, EVEN IF MY INJURY OR DEATH IS DUE TO THE NEGLIGENCE OF THE RELEASED PARTIES.

I understand that freediving/breath-holding and related activities are physically strenuous and that I will be exerting myself during this freedive/breathhold activity, and I expressly assume the risk of any and all injuries, and I will not hold the Released Parties responsible if I am injured as a result of heart attack, panic, hypoxia, hyperventilation, oxygen toxicity, decompression illness, gas embolism, head injury, broken bones, brain damage, drowning or any other cause of injury or death not specifically stated herein EVEN IF MY INJURY OR DEATH IS DUE TO THE NEGLIGENCE OF THE RELEASED PARTIES.

I am aware of the prerequisite skill level and/or equivalent diving experience necessary to participate in freedive/breathhold activities, and I affirm that I meet these requirements. I understand that I am responsible for supplying and maintaining my freediver/breath-hold diving equipment in proper operating condition, regardless of where I obtained it or from whom.

I acknowledge that should I at any point feel uncomfortable or uneasy with my designated in-water buddy/buddies that I will immediately bring this to the attention of the in-water instructor/safety-supervisor/guide to address the issues at hand.

Statement of Understanding:

This is a statement in which you are informed of Bottom Dwellers Freediving Ltds established safe snorkelling/snorkel-harvesting/freediving/freedive-harvesting/spearfishing practices. These practices have been compiled for your review and acknowledgement and are intended to increase your comfort and safety in snorkelling /snorkel-harvesting / freediving / freedive-harvesting / spearfishing and other such activities provided by Bottom Dwellers Freediving Ltd. Your signature on this statement indicates that you are aware of these practices and is one of the requirements to be able to partake in tours and adventures provided by Bottom Dwellers Freediving Ltd. and it's affiliates. Please read and discuss the statement prior to signing it. If you are a minor, a parent or guardian must also sign this form.

I, _____, (print name) understand that as a snorkeler/freediver/harvester/spearfisher I should:

- Maintain good mental and physical fitness for freediving. Avoid being under the influence of alcohol or dangerous drugs when freediving and stay well hydrated. Keep proficient in freediving skills, striving to increase them through continuing education and reviewing them in controlled conditions after a period of freediving inactivity which may include refresher or coaching programs with a PFI Instructor.
- Be familiar with my dive sites. If not, obtain a formal site orientation from a knowledgeable, local source listening carefully to dive related briefings and directions and respect the advice of those who may be supervising my freediving activities. If freediving conditions are worse than those in which I am experienced, postpone freediving or select an alternate site with better conditions.
- Engage only in freediving activities consistent with my training and experience. This may mean that I limit my depth to accommodate my dive buddy's abilities. Do not engage in overhead environment freediving such as cave, wreck or ice freediving.
- Use complete, well-maintained, reliable and appropriate equipment with which I am familiar; and inspect it for correct fit and function prior to each freediving session.
- Never practice or take part in freediving activities without a buddy, whether in open water or in confined water. Adhere to the buddy system throughout every in-water outing specifically adhering to the 'one up, one down' system of buddy freediving. Employ 'direct supervision' when planning any in-water breath-holds and plan your dives – including communications and emergency procedures – with my buddy. 'Direct supervision' means that I will adhere to the following:
 - 'One up, one down' buddy system, able to respond and immediately protect the airway at the surface.
 - Provide recovery breathing coaching if required.
 - Supervise buddy upon reaching the surface for no less than 30 seconds.
 - Ensure my dive buddy has the appropriate experience and depth capability to act as my safety.
- Have a means to monitor depth and/or time under water. Limit maximum depth and time to my level of training and experience. When freediving deeper than 40m / 132ft, utilize deep-water supervision procedures along with 'direct supervision' appropriate for the environment I am diving in which may mean utilizing 'freediver retrieval systems' along with such equipment as lanyards and other personal safety systems.
- Wear appropriate exposure protection and appropriate amount of weight so that I am neutrally buoyant at a depth of 10m/30ft or deeper while at a minimum achieving positive buoyancy at the surface on an exhalation. Have weight system accessible for easy removal, and establish buoyancy when in distress.
- Take sufficient surface intervals to properly breathe between freedives of approximately double my last freedive time and on dives deeper than 25m / 80ft take at least 8 minutes. On dives deeper than 40m / 132ft more

advanced surface intervals should be observed. Avoid excessive hyperventilation and/or packing and also avoid overexertion while in and under water and freedive within my limitations. Should any problems associated with hypoxia such as loss of motor control or blackout occur while freediving or during any apnea, or any barotrauma injuries or decompression illness occur, discontinue any freediving or apnea for the day and seek medical assistance if required.

- Know and obey local diving laws and regulations, including fish-and-game and dive-flag laws.

In addition to the the statements of understanding above, I acknowledge that:

- I will harvest and spearfish while snorkelling/freediving to standards set by Bottom Dwellers Freediving Ltd, it's affiliates, supervisors and support staff.
 - I will practice and follow all safety protocols when it comes to disembarking, boarding, and approaching entry and exit points either from land, boat or any other means of transportation.
 - I will respect marine life and the environments within which we are given the privilege to enjoy.
 - I will follow Rules and Regulations set in place by the local governing bodies and officials.
 - I will observe and follow the “Zero Tolerance” rules set in place by Bottom Dwellers Freediving:
 - Absolutely no mishandling of band-powered devices
 - Absolutely no freediving without safe-buddy supervision
 - I will use a dive-flag/float/float-line/speargun combination system for safety purposes
 - I will never load a speargun or band-powered device out of water
 - I will never point a band-powered device at any person or object other then an indented target.
 - I will practice safe line management protocols to best avoid entanglement
 - I will practice safe protocols when approaching such geological features as holes and squeezes

I acknowledge that I feel safe and comfortable with the designed approach to the Freedive/Snorkel Harvesting and Spearfishing program/tours/charters/instruction which Bottom Dwellers Freediving Ltd. is providing. I acknowledge that if at any point I feel unsafe, for any reason, I will immediately inform the Instructor/In-Water Guide/Safety Supervisor and address the situation with them.

I acknowledge that should I at any point feel uncomfortable or uneasy with my designated in-water buddy/buddies that I will immediately bring this to the attention of the in-water instructor/safety-supervisor/guide to address the issues at hand.

I assume onto myself the risks and dangers associated with the sport and activities taking place from this point forward. I have read the above statements and have had any questions I may have had answered to my satisfaction. I understand the importance and purposes of these established practices. I recognize they are for my own safety and well being as well as that of my dive-buddy, and that failure to adhere to them can place me and my dive-buddy in jeopardy while freediving/freedive-harvesting/freedive-spearfishing.
